Project Identity

Natuzzi Editions

The Project Identity purpose is to offer a unique working method that guarantees chromatic and stylistic conformity and preserves the Brand's DNA.

This tool represents a guide that goes beyond the offer of a product, aiming at the creation of a real project from the stores to the customers' homes.

Leggiadro

Leggiadro has an unmistakable design characterized by a light, distinctive look: the armrest has an original wing shape and is finished by a piping around the edge. The dual power mechanism lets you adjust separately headrest and footrest to customize your relaxation. The sofa rests on two metal bridges with a sophisticated, elegant design, available in a unique matt black finish.

Design by Natuzzi Design Center

In the Natuzzi Headquarter in Puglia, the Design Center preserves the balance between design and functionality, values rooted in the brand's DNA.

Moodboard warm neutral

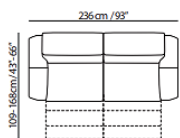

The Natuzzi Style Center carefully selects materials and coverings, putting them in dialogue with each other. In this case, the Le Mans leather in the Light Grey color was paired with the Jupiter fabric in the Raw Linen color. The combination of these coverings together with the ceramic & wood, will give rise to the moodboard that will create the final total look of the project. Each model in the collection is presented with multiple moodboards to adapt to homes all over the world.
