Project Identity

Natuzzi Editions

The Project Identity purpose is to offer a unique working method that guarantees chromatic and stylistic conformity and preserves the Brand's DNA.

This tool represents a guide that goes beyond the offer of a product, aiming at the creation of a real project from the stores to the customers' homes.

Baltimora

Baltimora is inspired by the clean, defined shapes of the building that houses the National Aquarium, the most iconic and recognizable architecture in this great seaside city. The structure of the building makes the image as a whole extremely modern, a treasure chest of a magical world in which to immerse yourself. Its linearity makes the sofa a contemporary classic, perfectly at home in any type of setting - and the clean back allows it to be placed even in the center of the room.

Embrace a new philosophy of Comfort.
Feelwell combines physical relaxation
and mental balance, offering a tailor-made
wellness experience.

Design by Natuzzi Design Center

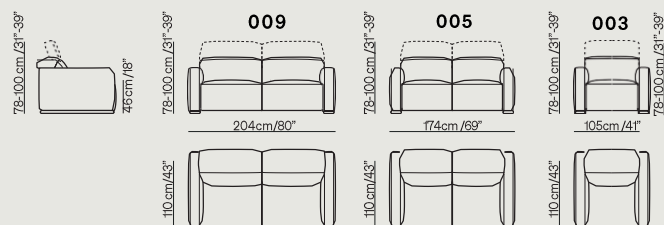

In the Natuzzi Headquarter in Puglia, the Design Center preserves the balance between design and functionality, values rooted in the brand's DNA.

Choose your Baltimore

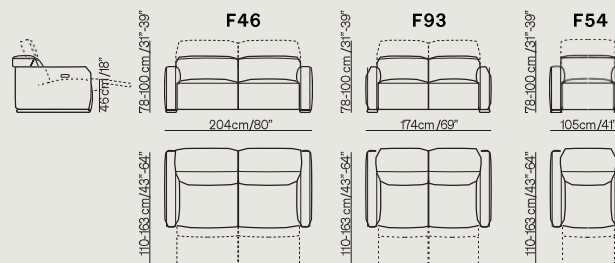

The Baltimore project is extremely versatile thanks to its 27 SKUs that allow us to create unlimited configurations suitable for any space, from the stores to our customers' homes.

Moodboard cold neutral & blue

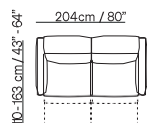

The Natuzzi Style Center carefully selects materials and coverings, putting them in dialogue with each other. In this case, the Dream leather in the Conchiglio color was paired with the Minerva fabric in the Silver color. The combination of these coverings together with the wood, will give rise to the moodboard that will create the final total look of the project. Each model in the collection is presented with multiple moodboards to adapt to homes all over the world.

Moodboard cold neutral & blue

Together with the moodboard of coverings and materials, the Style Centre harmonizes the sofa with furniture and accessories to complete the interior design project.
