Project Identity

Natuzzi Editions

The Project Identity purpose is to offer a unique working method that guarantees chromatic and stylistic conformity and preserves the Brand's DNA.

This tool represents a guide that goes beyond the offer of a product, aiming at the creation of a real project from the stores to the customers' homes.

Gliss

As the name suggests, every seat of the GLISS sofa is an invitation to gently slide into comfort, where relaxation becomes natural and effortless. Its elegant, essential lines shape a sofa that not only furnishes the space but also embraces the most authentic moments to be lived with harmony and fluidity.

The armrest profile evokes the smooth, flowing motion echoed in the mechanized seats, softening the pure, minimal lines to make them more welcoming and comfortable.

Embrace a new philosophy of Comfort.
Feelwell combines physical relaxation
and mental balance, offering a tailor-made
wellness experience.

Design by Natuzzi Design Center

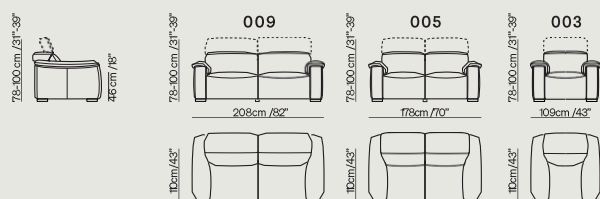

In the Natuzzi Headquarter in Puglia, the Design Center preserves the balance between design and functionality, values rooted in the brand's DNA.

Moodboard Cold neutral

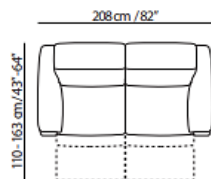

The Natuzzi Style Center carefully selects materials and coverings, putting them in dialogue with each other. In this case, the Le Mans leather in the Platinum color was paired with the Afrodite fabric in the Taupe color. The combination of these coverings together with the wood will give rise to the moodboard that will create the final total look of the project. Each model in the collection is presented with multiple moodboards to adapt to homes all over the world.

Together with the moodboard of coverings and materials, the Style Centre harmonizes the sofa with furniture and accessories to complete the interior design project.
