

# MARVA

Elegant decoration fabric in Trevira CS. A classic theme in a new interpretation. Wave like shapes on a delicately striped base create a calm, differentiated picture. Marva convinces with a sophisticated design and a comfortable feel. The high quality jacquard design with its elegant and natural look can be used on both sides.

|                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                               |

CARE SYMBOLS FOR TEXTILES

Washing (wash tub)

|                                                                                  |                       |
|----------------------------------------------------------------------------------|-----------------------|
|  | Normal process 95°    |
|  | Mild process 95°      |
|  | Normal process 60°    |
|  | Mild process 60°      |
|  | Normal process 40°    |
|  | Mild process 40°      |
|  | Very mild process 30° |
|  | Hand wash             |
|  | Do not wash           |

The numbers in the washing tub specify the maximum temperature in °C which must not be exceeded. The bar underneath the wash tub characterizes a milder cycle with reduced mechanical action.

Ironing (hand iron)

|                                                                                   |                                                                            |
|-----------------------------------------------------------------------------------|----------------------------------------------------------------------------|
|  | Iron at maximum sole-plate temperature                                     |
|  | Iron at a medium sole-plate temperature. Take care when using a steam iron |
|  | Iron at a low sole-plate temperature. Take care when using a steam iron    |
|  | Do not iron                                                                |

The number of dots indicates the severity as regards to temperature of the handiron.

Chlorine-based bleaching (triangle)

|                                                                                   |                                  |
|-----------------------------------------------------------------------------------|----------------------------------|
|  | Chlorine-based bleaching allowed |
|  | Do not use chlorine-based bleach |

Tumble drying (circle in a square)

|                                                                                    |                                       |
|------------------------------------------------------------------------------------|---------------------------------------|
|   | Drying at a lower temperature setting |
|  | Do not tumble dry                     |

The numbers of dots indicates the severity as regards to temperature of the tumble drying treatment.

Dry-cleaning (circle)

|                                                                                     |                                        |
|-------------------------------------------------------------------------------------|----------------------------------------|
|  | Self-service cleaning also allowed (A) |
|  | Drycleanable                           |
|  | Drycleanable                           |
|  | Self-service cleaning not allowed (F)  |
|  | Self-service cleaning not allowed (F2) |
|  | Do not dry clean                       |
|  | Mild professional wet-cleaning         |

The letters within the circle specify the solvents that can be used. The bar under the circle indicates that certain limitations in the drycleaning process are required. These may concern mechanical action and/or drying temperature and/or water addition in the solvent. – No selfservice cleaning allowed.

Gecko

|                                                                                       |                                                  |
|---------------------------------------------------------------------------------------|--------------------------------------------------|
|    | Cleaning with window wiper (Unger method)        |
|  | Cleaning by "Spray Extraction" method by machine |
